

## Club Firearms

As you know, the club has a selection of firearms/ammunition for members to use at the range. I'm sure you'll appreciate that this involves a bit of extra work for some members. Apart from a few firearms, most are rarely used. In future, CR&GC will operate the following policy. This will be subject to periodic review and is dependent on the firearm keepers being able to attend.

A page identifying individual firearms is on the Programme tab of the website.

### Policy

On range days, only certain firearms will be taken as a matter of course. Any other firearm/ammunition will only be taken at the request of a member. The request must be made to the secretary, giving at least two days' notice.
